Lackierung

Hochwertige Pulverbeschichtung, hochglänzende Oberfläche, mit extremer Stoß- und Kratzfestigkeit, leicht zu reinigen, desinfektionsfest, UV- und klimabeständig. Hinsichtlich der Farbgestaltungsmöglichkeiten beachten Sie bitte die Ausführungsbeschreibungen in den einzelnen Produktkatalogen. Geringe Farbabweichungen sind technisch bedingt möglich.

Powder coated finishes

High-quality powder coating, multilayer gloss paint, with extreme impact strength and scratch resistance, easy to clean, disinfectant-proof and resistant to extreme climates. With regard to the colour design possibilities please take into consideration the design descriptions in the individual product catalogues. Due to technical reasons minor colour deviations are possible.

Couche de laque

Revêtement thermolaqué de haute qualité, surface brillante, résistant bien aux chocs et aux rayures, facile à nettoyer, insensible aux désinfectants et d'une grande stabilité aux variations climatiques. Vous verrez les possibilités d'agencement de couleurs dans les descriptions des différents modèles dans les catalogues correspondants. Pour des raisons matérielles des différences minimes de couleur sont possibles.

Barnizado

Recubrimiento de polvo de resina de alta calidad, superficies en brillo, de fácil limpieza y muy resistente a golpes, arañazos, rayos UVA y cambios climatológicos. Para posibles combinaciones de colores, consulte las indicaciones en los folletos correspondientes. Puede haber pequeñas variaciones de colores por razones técnicas.

Verniciatura

Verniciatura a polveri di alta qualità, superficie lucida antiurto e antigraffi, facile da pulire, a prova di disinfettanti, resistente ai raggi UV ed agli agenti atmosferici. Osservare con attenzione quanto riportato nella descrizione dei prodotti riportata nel catalogo per le diverse possibilità e configurazioni di colori. Per motivi tecnici possono verificarsi lievi variazioni del colore.
